

Product Bulletin

Issue/Date:	October 7 th , 2020	Bulletin Number:	AQ07102020
Subject:	Lamp Driver	Product Line:	CSL, SCD Series, SL1/MP2-SL, RBE
Topic:	Lamp Driver Release (16518-3 replacing 16518-1)		

Dear Aquafine Customers,

This bulletin is to notify you that Aquafine has introduced a new lamp driver to replace the 16518-1 used in CSL Series, SCD Series, SL1/MP2-SL, RBE. **We have qualified the new UV lamp driver 16518-3 as a direct replacement for 16518-1.** Please see page 2 for product specification for lamp driver 16518-3.

They have the same functionality but with several additional benefits including:

- Limit to ignition pulses to avoid premature failure.
- End of lamp life protection, to prevent damage to the driver when the lamp reaches end of its life.
- Certification: CCC in addition to UL and CE.

This is part of our commitment to provide quality components for Aquafine UV systems as well as to improve reliability over the life of your system.

This change is in effect and applies to all quotes and orders. We value your business.

Please feel free to reach out to customerservice@trojantechnologies.com, if you have any questions or suggestions.
