

PRODUCT BULLETIN

ISSUE/DATE:	October 2023	BULLETIN NUMBER:	23-PB-IC-AFTER MARKET PART AVAILABILITY
TOPIC:	AFTER MARKET PARTS AVAILABILITY	PRODUCT LINE:	MULTIPLE

OVERVIEW

This is a notice of the timelines for limited availability for a selection of spare parts used in Aquafine UV systems.

We remain committed to helping you keep your system operating efficiently for as long as possible. However, due to supplier and technology obsolescence, we must now begin to limit support for legacy systems. It is important that we keep you updated on parts availability and support timelines, allowing you to have the best information to plan for the future of your water treatment systems.

For many parts, we can offer a last purchase date and will continue to supply components while supplies last, but other parts are no longer available for purchase from Aquafine, effective immediately. In the case where we are unable to supply the component, we may be able to provide information that will allow you to source the component locally.

Details on part availability and contact information for additional support are contained below.

DETAIL

The following parts will be available for last time buy until December 20, 2023, while supplies last:

ITEM	DESCRIPTION	PRODUCT LINE
17813	CABLE,RIBBON 26 COND. 5'	SCD USD OPTIMA HX
43251	CLAMP 20CM BOLT SAN MOD	UVLOGIC
43482	CLIP SURFACE MT TEMP SW	CSL

SAFETY

We remind you that only adequately trained and qualified individuals should operate, repair or maintain your Aquafine equipment.

When performing maintenance on any equipment, be sure to follow all applicable safety practices such as wearing personal protective equipment, locking out and tagging sources of energy and depressurizing vessels before performing any service, always consult the equipment O&M manual before beginning work. Failure to follow these instructions could result in serious bodily injury or death.

ASK MORE QUESTIONS AND/OR START PLANNING

If you have any questions regarding this bulletin, please contact your Regional Sales Manager or Aquafine Technical Support customerservice@trojantechnologies.com
