

PRODUCT BULLETIN

ISSUE/DATE:	April 6, 2011	BULLETIN NUMBER:	AQ040611
SUBJECT:	Lamp Socket Lead	PRODUCT LINE:	Aquafine
TOPIC:	SINGLE ENDED LAMP SOCKET LEAD REVISION CHANGE		

OVERVIEW / DESCRIPTION

Aquafine Corporation has qualified new single ended Lamp Socket Lead. This lamp socket lead replaces the discontinued old style lamp socket lead.

DETAILS

The new lamp socket will be offered on all new equipment orders for International Customer after May, 1, 2011 and for North American Customers after June 1, 2011. The Lamp Socket and Assemblies can be purchased for retrofit onto legacy equipment after the effective dates.

Please note that this lamp socket lead is a direct replacement for the 40569 Series lamp socket leads.

Aquafine will continue to support legacy equipment configured with PN 40569 series lamp socket leads offering PN 47387 series as a direct replacement. Contact your Sales or Customer Service Representative for more information.
