

Product Obsolescence Notification

Issue/Date:	May 16, 2016	Bulletin Number:	AQ05162016
Subject:	Product Obsolescence Notification	Product Line:	DW, SP,SL10A,UVK 1,23&4,UVK,CSL, RBE,SCD
Topic:	Product Obsolescence and Last Time Buy		

Dear Aquafine Customers:

As a part of our continuous commitment to provide customers with the most current technology and best experience, Aquafine is discontinuing manufacturing selected products from our standard product offerings due to outdated technology as listed below:

1. DW series
2. SP series
3. SL10A series
4. UVK 1,2,3&4 series
5. UVK D3000, D6000,D12000,D18000,D30000 (No last time purchase available)
6. CSL series (including high temperature- No last time purchase option available- CSL Plus still available)
7. RBE series (No last time purchase available)
8. SCD Series (600,700,1000,1200- No last time purchase available)

Our intent is to offer you for these products, the possibility to place a last (final) order covering your needs for a limited time. Please assess your product needs and place a final order no later than **June 30, 2016**. Aquafine will not accept orders for above stated products after this date.

Conditions for final buy offer are as follows:

- All purchase orders are non-cancelable and non- returnable, and are subjected to acceptance by Aquafine.
- Date for last order acceptance: **June 30,2016**
- Date for the last shipment to the customer: **July 30,2016**

Warranty and After Market Parts Support for Obsoleted Products:

Warranty: Standard Aquafine warranty terms are applicable for any last time buy products.

After Market Parts Support: Aquafine will support aftermarket parts for 5 years from the date of this notification.

Recommended Alternative Product Lines: Please contact Aquafine Corporation with your water applications needs to offer you a new UV System for your applications requirements. There is no direct drop in replacement for all the products listed above, but below listed products could potentially replace the above listed products for obsolescence.

Upgrade to new technology and recycle the old equipment free

If you have any of above listed obsoleted products and would like to upgrade to new equipment, please contact your local Aquafine authorized distributors, RSM or Aquafine.

If you choose to replace any listed obsoleted products with new products by July 30th, 2016, Aquafine will provide 10% additional discount on newly purchased product and extend the standard warranty to 30 months from the date of shipment or 2 years from the date of installation. In addition, we offer to recycle your old equipment free of cost (customer is responsible for shipping cost only).

We apologize for any inconvenience this announcement may cause and remain eager to meet your future UV requirements. Should you have any question about this notification, please do not hesitate to contact us.

Assistance
